

## **VOLUNTEER VACANCY INFORMATION PACK**

### **Planting Stories – Garden Volunteer**

**Closing date: 11 October 2020**

The Museum is part of the Science Museum Group. The Museum is a charity (No: XN63797) with exempt status.

#### **OUR MISSION AND VALUES**

At the Science Museum Group, we make it our mission to **Inspire Futures**. Our talented and dedicated colleagues are guided by five values that encapsulate simply what we're all about:

- we **think big**, pushing the limits of what's possible;
- we challenge ourselves to **reveal wonder**;
- we use our passion, expertise and creativity to **share authentic stories**;
- we aim to **ignite curiosity** in our audiences and our colleagues; and
- we take pride in being **open for all**

## **Planting Stories – Garden Volunteer**

Department: Exhibitions

Type: Volunteer Role

Location: Science and Industry Museum

Hours: Flexible

Supervisor: Volunteer Coordinator

Start Date: 19 October 2020

---

### **ABOUT THE ROLE**

The Science and Industry Museum is currently going through a transformative period of masterplan projects that includes: The Power Hall (upper yard), The 1830 Warehouse and the new Special Exhibitions Gallery (lower yard). These projects are at varying stages of in their programme and on completion will significantly enhance the visitor experience and offer. As part of these projects we will be creating a new site trail and also installing planters around the outside areas of the museum to help us tell the story of this unique museum site.

**A site trail** will pulse visitors across the Upper Yard, from the New Warehouse and across to the 1830 Station. In line with the museum's 'Placemaking' strategic priority, which includes an aim to tell the story of the site, raise awareness of its international significance and provide opportunities for the public to engage with this story, the content of the trail will focus on revealing authentic stories about Liverpool Road Station as a bustling hub that kept goods moving in and out, across Manchester and the world.

**Site softening (planting)** which will support the key narrative of the trail, focussing on goods that moved in and out of the site, using a curated planting approach as a way in which to illustrate both literally and conceptually the goods narrative; from cotton to coal, sugar to soap, pigs to potatoes, goods of every description moved through Liverpool Road Station for almost 150 years. It was a bustling hub of people, animals and machines, keeping produce, raw materials and finished goods moving in and out, across Manchester and the world.

The trail and site softening will shift the focus from the more well-trodden passenger travel narrative, and will tell this equally vital story of the movement of goods, and of Liverpool Road Station as an important point in a web of connections that linked the industrial city of Manchester with the rest of the world.

## **WHAT YOU WILL BE DOING**

### **Maintenance and updating planters**

- Day to day up keep of the planters including; Watering, pruning and monitoring the plants.
- Regular feeding and staking of the plants plus keeping the planters clean.
- Following the Maintenance Plan which will be provided to support you throughout your role.
- Chatting to visitors about the planters and their content, in relation to how they represent the history of the site.
- Build your knowledge about the planters and how they relate to the narrative of the museum site.

## **WHAT YOU BRING TO THE TEAM**

### **You will definitely...**

- Be interested in Gardening, Planting or Outdoor Projects
- Be interested in learning about plants, how to maintain and care for them.
- Be friendly and happy to engage with museum visitors about the project, have an interest and willingness to learn about the history of the site and how the planters will tell this story.
- Be able to use your own initiative.
- Have a willingness to learn about the plants and how to care for them.
- If you volunteer for the ongoing maintenance phase be available to dedicate 1 day (2 hours) to volunteering either once per week or twice a month.
- Have an enthusiastic and dedicated approach to volunteering.

### **It would be good if you...**

- Have some experience of caring for plants/gardens.
- Have previous experience in a visitor or customer facing role.
- Are understanding of the need to be accessible to all visitors.
- Are interested in the museum and history of the museum site.

## **ADDITIONAL INFORMATION**

- To volunteer in this role, you must be 18 or over and eligible to volunteer in the UK. Unfortunately, SMG is unable to act as a sponsor organisation if you do not have the appropriate visa.
  - This role is subject to a basic Disclosure by the Disclosure & Barring Service (DBS).
-
